

modono™ is Green!

Our GREEN Mission:

Applied Coatings Group manufactures Modono™ Glass in the spirit of green and sustainability. While the individual decisions made on this end may be modest, we hope to convey our good intentions and efforts.

Modono glass contains up to 20% of post-consumer recycled content

100% renewable wind-generated energy was used to print our catalogs

Surplus of Modono glass is donated to local artists for use in murals and other projects

LEED credit is given to projects within a 500 mile radius of Rochester, NY

Minimal hazardous waste is produced during the manufacturing coating process

Solar power mirrors are currently being actively developed by ACG
